## TELL US ABOUT YOUR CURRENT ROLE AT THE INSTITUTE OF DENTISTRY

I am a champion for using evidence in practice and in this role run the EBD component of the PHEBD theme in the undergraduate curriculum. I also collaborate with Foundation Dentists in NE London to move this agenda into the real world through facilitating small quality improvement (QI) projects.

## WHAT HAVE YOU ENJOYED MOST ABOUT WORKING AT THE INSTITUTE OF DENTISTRY?

There has been a lot of room to develop areas of interest to me – particularly EBD and, more recently, the QI initiatives in practice. Sitting within QM allows for fun opportunities to collaborate with colleagues from different disciplines on various projects, increasing their scope.

## TELL US SOMETHING WE DO NOT KNOW ABOUT YOU

I am a keen open-water swimmer both in lakes and the sea. Last year I swam 25km over 5 days around Greek Islands.
