TELL US ABOUT YOUR CURRENT ROLE AT THE INSTITUTE OF DENTISTRY

As the Electronic Resource Manager, I am responsible for the development and maintenance of a number of core learning and support systems including QM Plus, Q-review, LiftUpp (Timetable, Managing iPads, Outreach visits), various eLearning projects, technical training, academic support and assistance.

WHAT HAVE YOU ENJOYED MOST ABOUT WORKING AT THE INSTITUTE OF DENTISTRY?

I have been here for nearly a year now and found everyone to be so kind, friendly and welcoming. I see a lot of potential learning technology projects that can enhance the student learning experience and this both excites and motivates me. I have particularly enjoyed the Tooth Morphology and Clinical Governance projects.

TELL US SOMETHING WE DO NOT KNOW ABOUT YOU

I have a cat called Daisy.
I regularly take part in online competitions, and occasionally win things!
I collect 1930 art deco Clarice Cliff pottery (the geometric patterns not the flowery stuff!)
